

Providence Catholic High School Student Ambassador

The Providence Catholic High School Student Ambassador Program enables you, the student body, to represent and display our school. Our goal is to showcase our school and programs to future students and their families, as well as other individuals who want information about Providence Catholic High School.

This program will be monitored by the Director of Enrollment. Students are required to submit a 1 page letter stating why they think they would be a great representative of PCHS.

The information below is a general overview of what is expected from all Student Ambassadors. The families who visit Providence Catholic also visit several other schools. They will see many things similar to all the other schools they visit, but it is **YOU** who make Providence Catholic High School different. Share everything about our school along with your own personal stories.

1. Always smile and be positive. You have volunteered to be a Student Ambassador because you love Providence, so show it!!
